

AUTODESK®
DESKTOP
SUBSCRIPTION

The new way to buy for ultimate flexibility

Desktop Subscription gives you access to Autodesk software—the same full version you get with a perpetual license—but with a flexible, pay-as-you-go approach for a software budget that's easier to manage.

What does Autodesk® Desktop Subscription offer?

Desktop Subscription provides access to desktop software at the lowest cost of entry. Choose from monthly, quarterly, annual and multi-year options for using Autodesk Design and Creation Suites software and select software products.

Stay competitive with Desktop Subscription

When you decide to purchase an Autodesk Desktop Subscription, you're maximizing the power of your design tools while gaining control over your costs and the length of your commitment. Your software tools will always be up to date with the latest releases and enhancements, while your workflow will benefit from increased capabilities—from licensing options to more capabilities with Autodesk® cloud services.

Function and flexibility

Desktop Subscription supports a variety of licensing options designed to allow you to work the way you want, including:

- Full functionality—access to the same software you get perpetual Autodesk software licenses
- Install your software on multiple machines
- Global Use Rights so you can work seamlessly from afar†
- Previous Version Rights†
- Access files stored locally on your computer, even without an active subscription
- Use free Autodesk tools to view your files in Autodesk file formats
- Start a new subscription and seamlessly pick up where you left off

Pay-as-you-go access

Whether your projects are temporary or ongoing, you can keep software costs manageable and predictable. Pay only for the access you need, without a large up-front investment.

Stay current

Stay current and competitive with the latest Autodesk technology. With Desktop Subscription, you know that you're working with the most up-to-date software releases with the level of support you need.

Scalable licensing

Companies grow. Projects expand. Employees move. Be prepared for whatever changes come your way with licensing that scales to meet your organization's needs.

Additional cloud services and software

Work smarter without tying up your desktop. Get access to additional services in the cloud, such as faster rendering and visualization capabilities, collaboration tools, and secure storage.

With Desktop Subscription you can...

Desktop Subscription provides you with the ability to easily respond to changing business needs. Whether you have budget constraints, increased workflow, or changes to your headcount, a Desktop Subscription allows you to address these changes head-on.

LOW COST OF ENTRY

EASILY RAMP UP / SCALE DOWN

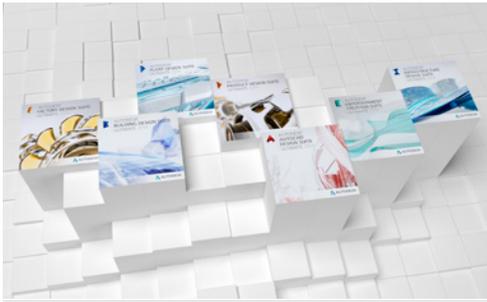

ACCESS THE LATEST TOOLS

REDUCE RISK

†“Global Use Rights”, “Previous Version Rights” and Access to Cloud Services may not be available in all countries and for all Desktop Subscriptions, and where available are subject to the Desktop Subscription Terms and Conditions and applicable Cloud Services Terms of Service.

The Autodesk family of design suites provides comprehensive and powerful workflows for:

- Building Design
- Engineering
- Construction
- Infrastructure
- Product Design
- Plant Design
- Factory Design

When coupled with Desktop Subscription, you're able to connect your workflow on the desktop to mobile devices and the cloud with Autodesk A360. These workflows enable you to explore more design possibilities, achieve better results faster, and collaborate more effectively.

www.autodesk.com/suites

By staying current with the software, you reduce the learning curve for each new release. You only have a limited number of changes and feature add-on's to learn. Trying to make a three or four version jump really puts a person behind when getting up to speed with the new release.

Access to Autodesk cloud services and products

Extend your work from the desktop to the cloud

With an Autodesk Subscription to a commercial product or suite you gain access to a collection of cloud services. The virtually infinite computing capacity of the cloud allows you to run tasks without tying up your desktop or the need for expensive hardware. Now you can test the performance of multiple design options and rapidly increase the number of visualizations as an integrated part of your workflow.

You can access Autodesk cloud services through a web interface or through your desktop software. The following are but a few of the cloud services available:

- Green Building Studio®
- Rendering in A360
- Energy Analysis for Revit®
- Mockup 360

Latest software and enhancements

Stay ahead of the competition

With Desktop Subscription you always have the latest and most powerful tools on hand. You can gain immediate access to software releases and product enhancements that can help you maintain a competitive edge all year long. Desktop Subscription keeps your software current while its short-term commitments help you maintain a predictable software budget.

Licensing rights

The freedom to work the way you want.

When collaborating across internal and external teams, you need the right software on hand at the right time and place. With the following Subscription licensing rights,* Desktop Subscription gives you more freedom with your software:

Previous Version Rights: Customers sometimes require you to deliver projects with a specific software version. With Previous Version Rights, you're able to use both previous and current versions of Autodesk software to deliver your projects.†

Home Use: Work doesn't always happen in the office—with Desktop Subscription you're able to use your software at the office or at home.

Global Use Rights: Occasionally work requires you to travel far away from home—Global Use Rights allow you to use your licensed software outside the country of purchase.

Support

Get the assistance you need

Your success is a top priority to us, and we are here to support you. Whether it is through subscriber exclusive newsletters and communications or direct help from our product support specialists, we are committed to helping you get the most out of your Subscription. Our most successful customers take advantage of the support we offer to achieve higher return on their Autodesk investment, shouldn't you?

Technical support

Desktop Subscription allows you to choose a level of technical support that best meets your needs and budget. Each option helps you with installation and configuration as well as troubleshooting issues with your software and cloud services.

Basic Support: Included with Desktop Subscription, Autodesk® Basic Support provides access to a package of Autodesk online support services such as:

- One-on-one Autodesk web support
- Expedited support in community forums

Desktop Subscription customers can also choose to purchase the premium offerings with Advanced Support or Enterprise Priority Support to help implement solutions faster, maximize productivity, and minimize downtime.

Advanced Support: This level of support provides one-on-one telephone and web access to senior Autodesk support specialists. Advanced Support features unlimited, priority, one-on-one, extended hours,** global phone support from senior Autodesk support specialists, remote desktop assistance, and prioritized web support options.

Enterprise Priority Support: Autodesk® Enterprise Priority Support is a premium support offering for Autodesk's direct, large-enterprise customers. It provides the most aggressive response targets for Autodesk product support as well as case status updates and resolution/mitigation targets. This offering also features a comprehensive program of proactive support and other services, including the assistance of a support account manager who personally oversees all account needs.

Exclusive newsletters and communications

We want you to enjoy your subscription and take full advantage of all the benefits it has to offer. As a subscriber you'll receive newsletters and communications with content exclusive for subscribers including:

- Announcements of product enhancements
- Tips and tricks to help you get the most out of your product and services
- Customers stories that highlight how others are taking advantage of their subscriber benefits

*Global Use Rights, †Previous Version Rights and Access to Cloud Services may not be available in all countries and for all Desktop Subscriptions, and where available are subject to the Desktop Subscription Terms and Conditions and applicable Cloud Services Terms of Service.

Administrative tools

Control and organize your benefits

Contract managers can easily manage your organization's Desktop Subscription benefits in Autodesk Account with the following reports and management tools:

- **Contract report:** Track and manage software licenses and seats. View helpful details such as contract numbers, contract start and end dates, and product details. You can also review critical renewal information such as the next renewal date (for recurring contracts) or view which seats will expire in the next 90 days (for renewable contracts).
- **User management features and tools:** Assign the Named User for each Desktop Subscription, you can even specify which version of the software a Named User has access to.
- **Usage report:** Keep track of the cloud credits consumed when using select cloud services or purchase additional cloud credits for Named Users.

How to buy

Enhance your workflow with Desktop Subscription

Gain a significant competitive advantage and maximize the power of your design tools by obtaining Desktop Subscription in any of the following ways:

- Buy Desktop Subscription for a current software license at the Autodesk online store or a local reseller.
- Contact a reseller:
www.autodesk.com/contactreseller
- Visit the online eStore:
www.autodesk.com/estore

Cloud computing opens up doors for better decisions to be made.

* Desktop Subscription benefits are subject to terms and conditions. All Desktop Subscription benefits and offerings may not be available for all products and/or in all languages. Access to cloud services requires an internet connection and is subject to any geographical restrictions set forth in the Terms of Service.

** Extended Support Hours ("24x5") are determined based on three regional time zones (EST for the Americas, CET for Europe, the Middle East and Africa, and SGT for Asia-Pacific) and cover 24 hours per day, 5 days a week Monday through Friday, excluding Autodesk-observed holidays in the identified time zone only. Support availability during Extended Support Hours refers to telephone support requests; web support requests can be submitted at any time.
